Section #1 – Introduction of Basic Principles

1.1 General Purpose:

The general purpose of these policies is to establish ~~a system of personnel administration that meets the social, economic and program needs~~ guidelines for the employees of the City of Mayville (the “City”). ~~This system shall provide means to recruit, select, develop and maintain an effective and responsible work force, and shall include policies and procedures for employee hiring and advancement, training and career development, job classification, salary administration, retirement, fringe benefits, discipline, discharge and other related activities. These policies are to ensure consistent personnel practices designed to utilize most effectively the human resources of the City in the achievement of its goals and objectives. It is the policy of the City to fill vacancies with the best qualified candidates. Opportunity for employment will be open to any person, who, on the basis of merit (ability), can present satisfactory evidence of qualifications for the position~~ These guidelines address various issues relevant to City employees, but cannot and will not address all possible issues that may arise in the course of employment.

The City has the right to promulgate rules and regulations. The rules and regulations regarding expectations of conduct ~~of employees~~ apply to all employees, including police ~~unionized~~ union personnel. To the extent this manual conflicts with language in an applicable collective bargaining agreement, the collective bargaining agreement shall control.

~~Items marked with the ** are for all City of Mayville Employees.~~**

1.2 Disclaimer Statement:

This employee manual has been prepared for informational purposes only. None of the statements, policies, procedures, rules, or regulations contained herein constitutes a guarantee of employment, a guarantee of any other right or benefit, or a contract of employment, express or implied. Employment with the City is at-will and not for any definite period of time. You or the City may terminate your employment at any time, for any reason or no reason, with or without advance notice.

The provisions set forth in this manual may be altered, modified, changed, or eliminated at any time by the City with or without notice. The City reserves the right to modify, remove, cancel, or suspend any benefit described in this manual. Only the City may alter or modify any of the provisions in this manual. No statement or promise by a supervisor, manager, or department head constitutes or should be interpreted as constituting a change in policy or an agreement with any employee. This employee manual supersedes any and all previous handbooks, statements, policies, procedures, rules, or regulations given to employees, whether verbal or written.

1.3 Rights and Responsibilities of the Employer:

Certain rights and responsibilities are imposed upon the City by state and federal law, rules, legislation, and court decisions. Many of these have implications upon the policies and procedures

which govern our employees. For this reason, a summary of the basic rights and responsibilities of the City might be helpful. These rights and responsibilities include, but are not limited to, the following:

- To manage the employees of the City including the hiring, promotion, schedule, transfer, assignment or retention of employees in positions with the City, and to establish work rules;
- to establish and alter employment policies and procedures, including those set forth in this manual;
- to suspend, discharge or take other appropriate disciplinary action, when necessary;
- to schedule overtime work as required, consistent with the ~~requirements~~operational needs of the City;
- to develop job descriptions ~~which act as a guideline and not a rigid limitation to~~guide each position's duties and responsibilities;
- to assign employees to specific duties;
- to introduce new or improved methods or facilities or to change existing methods or facilities;
- to fulfill the City's obligations in contracting out for matters relating to its operation; and
- any other right or responsibility the City may have by law or otherwise.

1.4 Non-Discrimination ~~**~~/EEO Statement:

The City of Mayville does not discriminate because of race, creed, age, sex, color, national origin, ancestry, handicap or disability, marital status, citizenship status, veteran status, sexual orientation, gender identity, ancestry, religious, arrest or conviction record, marital status, union or political affiliation, military service, use or nonuse of lawful products outside of work hours, or any other characteristic protected by law. This applies to all employment decisions, including but not limited to, hiring, promotion, demotion, lateral reassignments, transfer, recruitment, layoff, terminations, rates of pay or other compensation, selection for training or any other benefit.

Each member of management will give this nondiscrimination policy full support through leadership and personal example. It is also the duty of every employee to help create a job environment that promotes equal opportunity. Any incident or situation that you believe violates this policy should be brought to the immediate attention of your Department Head, the Mayor, or any member of the Personnel Committee.

1.5 Anti-Harassment and Anti-Retaliation ~~Policy~~^{**}:

The City is committed to maintaining a work environment that is free of harassment and discrimination. In keeping with this commitment, ~~we~~the City will not tolerate harassment of City employees by anyone, including any supervisor, co-worker, vendor, client or customer of the City.

~~Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based on a person's protected status, such as sex, color, race, ancestry, religion, national origin, age, physical handicap, medical condition, disability, marital status, veteran status, citizenship status, sexual orientation, arrest record, conviction record or other protected group status. The City will not tolerate harassing conduct that affects tangible job benefits, that interferes unreasonably with an individual's work performance, or that creates an intimidating, hostile or offensive working environment.~~

~~Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex constitute sexual harassment when:~~

- ~~1. Acquiescence in or submission to such conduct is an explicit or implicit term or condition of employment;~~
- ~~2. An individual's acquiescence in, submission to or rejection of such conduct becomes the basis for employment decisions affecting that individual; or~~
- ~~3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.~~

~~Sexual harassment may include, but is not limited to explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented kidding or teasing, practical jokes, jokes about gender-specific traits, foul or obscene language or gesture, display of foul or obscene printed or visual material, and physical contact such as patting, pinching, or brushing against another's body.~~

It is the policy of the City that all employees have the right to work in an environment free of all forms of harassment. The City will not tolerate, condone, or allow harassment or discrimination by any employee or other non-employees who conduct business with the City. The City considers harassment and discrimination of others to be forms of serious employee misconduct. Therefore, the City shall take direct and immediate action to prevent such behavior, and to remedy all reported instances of harassment and discrimination. A Violation of this City policy can lead to discipline up to and including termination, with repeated violations, even if "minor," resulting in greater levels of discipline as appropriate. The purpose is to maintain a healthy work environment in which all individuals are treated with respect and dignity and to provide procedures for reporting, investigating, and resolving complaints of harassment and discrimination.

All employees are responsible for helping to assure that we avoid harassment. If you feel that you have experienced or witnessed harassment, you are to immediately notify your Department Head, the Mayor, or any member of the Personnel Committee. The City forbids retaliation against anyone who has reported harassment.

The City's policy is to investigate all such complaints thoroughly and promptly and take all appropriate action that may be necessary to end the harassment and prevent this misconduct from reoccurring. There will be no reprisals against the employee for making the report; however, false accusations will result in disciplinary action. All reports of harassment will be promptly and immediately investigated by the Mayor, or his/her designee, and/or Police Department. If the complaint involves the Mayor, the Personnel Committee, or its designee, will investigate the complaint.

To the fullest extent practicable, the City will keep complaints and the terms of their resolution confidential. If an investigation confirms that harassment has occurred, the City will take corrective action, up to and including immediate termination of employment, as is appropriate.

If the person alleged to have violated this policy is not an employee, the City Administrator shall consult with the City Attorney about what action may be taken against the person.
 - viii. If the Internal Investigation Authority finds that the allegation is not sustained to a reasonable degree of certainty, or does not rise to the level of being a violation of this policy, no further action shall be taken by the

Internal Investigative Authority beyond informing the employee who made the complaint and the individual accused of the behavior of the outcome of the investigation.

- d. Records. A file of harassment and discrimination complaints shall be maintained in a secure location with the City Attorney, including the investigative summaries and notes from investigations. The City Administrator shall be provided with an annual summary of these complaints.

~~is to ensure the safety of the individuals served by the City and employees and to properly protect the City's resources and reputation. It is not the intent of this policy that every pending charge or conviction will result in taking an action that would adversely affect an individual's employment.~~

~~1.—Reporting~~

All City employees must report any arrest, pending charge, no contest plea, guilty plea, or conviction as soon as practicable but no later than two (2) business days after such arrest, charge, plea, or conviction. ~~If an employee reports a pending charge, no contest or guilty plea, or conviction, then the City will conduct an individual analysis of each pending charge or conviction, including any additional information the individual provides or the City obtains independently, to determine whether a substantial relationship exists between the circumstances of a pending charge or conviction and the circumstances of the employee's job.~~

~~The existence of a pending charge or conviction does not automatically disqualify an individual from employment. When reviewing whether a substantial relationship exists between the circumstances of a pending charge or conviction and circumstances of the employee's job, the City may consider the following factors:~~

- ~~●—The nature and gravity of the offense or conduct.~~
- ~~●—The date of the offense.~~
- ~~●—The nature of the position held or sought.~~
- ~~●—Seriousness and specific circumstances of the offense.~~
- ~~●—The number of offenses.~~
- ~~●—Any relevant evidence of rehabilitation or lack thereof.~~

- ~~• Any other relevant information, including information submitted by an employee or obtained by the City.~~

~~An employee who has a pending charge may be suspended without pay in the event the circumstances of the pending charge substantially relate to the circumstances of the employee's job. Similarly, an employee who is convicted may be terminated in the event the circumstances of the conviction substantially relate to the circumstances of the employee's job.~~

~~Nothing contained within this policy should be construed as limiting the City's ability to take action against an employee to the fullest extent permitted by law, including, but not limited to, discharging an employee following an arrest when the City believes the employee engaged in unacceptable conduct and that belief arises from some source other than the fact of the arrest.~~

Salaried Employees/Department Heads/Supervisory Personnel:

Department Heads and designated supervisory personnel are expected to accrue a combination of work and paid leave (i.e. sick, vacation, holiday and personal time) totaling 2080 hours per year as a performance measurement (unless stipulated otherwise by contract or other rule/regulation). Department Heads and designated supervisory personnel may be subject to ~~the~~ discipline if such time is not worked. Are these salaried or hourly employees?

Such personnel shall not be subject to deductions of pay for absences from the normal working schedule for less than one day. For absences of more than one day, deductions from pay may be made by the City when permitted by applicable law, unless sick time, vacation or other paid leave time, or compensatory time is recorded on the time card. The City may request that time records of the employee be provided to attest to the 2080 hour per year requirement is being met in the event that compensatory time is recorded on one or more time cards. 6.5 ~~6.6 Leave of Absence and Federal and Wisconsin FMLA Guidelines:~~

Requests for leave of absences may be granted for periods of time, but not to exceed six (6) months, if reasons are justifiable and the leave does not impose an undue burden on City operations. A written request must be made to the supervisor for leaves other than those qualifying for FMLA, who will in turn report it to the Personnel Committee. After consultation, the Personnel Committee will make a recommendation to the City Council for final disposition of such request. The Library Board has final approval of library personnel leave of absences.

Family or Medical Leave.

6.6 Federal and Wisconsin FMLA Guidelines:

The City of Mayville will follow the requirements of the Federal Family and Medical Leave Act (“FMLA”) and the Wisconsin FMLA. The Wisconsin and Federal FMLA laws differ in a number of areas. The City will comply with the more generous provision as required by law.

An employee who has been on the City payroll for 52 consecutive weeks and who has been paid for 1,000 hours during the preceding calendar year is eligible for Wisconsin Family Medical Leave. An employee who has been employed for 12 months and who has ~~actually~~ worked 1,250 hours during the 12 months before leave is requested, is entitled to unpaid leave under the Federal FMLA.

Unpaid leave is available for one or any combination of the following circumstances:

<u>TYPE</u>	<u>ELIGIBILITY</u>	<u>MAXIMUM DURATION FOR STATE LEAVE</u>	<u>MAXIMUM DURATION FOR FEDERAL LEAVE</u>

1. Definitions and Clarification on Types of Leave

Child, Spouse, and Parent

A “child” includes not only your biological, adopted, or foster child, but also a step-child, legal ward, or child for whom you have day-to-day responsibilities to provide care and financial support. If older than age 18, the child must be incapable of self-care at the time leave is to commence because of a “physical or mental disability.” A “physical or mental disability” is a physical or mental impairment that substantially limits one or more of an individual’s major life activities. For purposes of the Wisconsin FMLA, however, a child over 18 must be incapable of self-care because of a serious health condition (defined below).

~~The term “spouse” is limited to your husband or wife and does not include an unmarried domestic partner. The Wisconsin FMLA has a separate provision covering qualified domestic partners, as defined by Wisconsin law.~~

A “parent” includes your biological parents or another individual who provided day-to- day care and financial support during your own childhood. Your parent-in-law or parent of your domestic partner is not considered a parent for purposes of the FMLA but is considered a parent for purposes of the Wisconsin FMLA.

Serious Health Condition

A “serious health condition” under the FMLA is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a hospital or other treatment facility or “continuing treatment by a health care provider.”

For purposes of the federal FMLA, a serious health condition involving “continuing treatment by a health care provider” includes any of the following:

- A period of incapacity—inability to work, attend school, or perform other regular daily activities due to the serious health condition—of more than three full consecutive calendar days, and (1) treatment two or more times, within thirty days of the first day of incapacity, by a health care provider or by another health care professional under the orders of or on referral by a health care provider or (2) treatment on at least one occasion by a health care provider that results in a regimen of continuing treatment under the health care provider’s supervision. “Treatment” must be an in-person visit to a health care provider for examination, evaluation or specific treatment.
- Any period of incapacity due to pregnancy or for prenatal care.
- Any period of incapacity or treatment due to a chronic serious health condition, such as asthma, diabetes, or epilepsy.
- Any period of incapacity that is permanent or long-term due to a condition for which treatment may not be effective, such as Alzheimer’s, a severe stroke, or the terminal stages of a disease.
- Any period of absence to receive multiple treatments, either for restorative surgery or for a condition that would likely result in a period of incapacity of more than three full consecutive calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, and kidney disease.

Under the Wisconsin FMLA, a serious health condition is a disabling physical or mental illness, injury, impairment, or condition involving:

- Inpatient care in a hospital, nursing home, or hospice; or
- Outpatient care that requires continuing treatment or supervision by a health care provider.

The term health care provider includes a physician, dentist, clinical psychologist, podiatrist, chiropractor, a nurse practitioner, physician assistant, a nurse mid-wife, a clinical social worker, and certain other health care professionals.

Leave for Child, Spouse or Parent with Serious Health Condition

Federal and Wisconsin FMLA leave may be taken to care for a child, spouse, domestic partner (under Wisconsin FMLA only), or parent with a serious health

condition. “To care for” is defined as caring for a family member’s physical and psychological needs, which may encompass basic medical, hygienic, nutritional needs, or safety.

2. Method of Calculating Leave Entitlement

To determine the amount of Federal FMLA leave to which an employee is entitled, **the City uses a rolling 12-month period, measured backward from the date an employee uses any FMLA leave.** Each time an employee takes FMLA leave the remaining leave entitlement would be any balance of the 12 weeks which has not been used during the immediately preceding 12 months. Pursuant to Wisconsin law, entitlement to State FMLA leave will be calculated based on the calendar year.

Federal and State Family Medical Leave run concurrently, not consecutively.

Unless leave is taken on an intermittent or reduced schedule, as set forth in Section 6 below, leave will be taken on a continuous basis.

When a husband and wife both work for the City, the aggregate number of work weeks of leave they may take for birth, adoption/foster care, care of a seriously ill parent, or leave for a qualifying exigency is twelve (12) weeks under the Federal FMLA. Up to a combined total of twenty-six (26) weeks may be used to care for a seriously ill or injured military service member.

3. Substitution:

An employee may elect to substitute accrued leave for any Wisconsin FMLA leave, but will not be required to substitute such paid leave. After the Wisconsin leave has expired, and during any remaining Federal FMLA leave, the ~~employee may choose or the~~ City may will require that accrued paid time off or other paid leave ~~to~~ be substituted for part or all of the remaining FMLA leave, provided the leave otherwise qualifies under the City’s applicable paid leave policies.

4. Worker’s Compensation and FMLA Leave:

When an employee is absent due to a work-related illness or injury which meets the definition of a serious health condition, the absence will be counted against the employee’s entitlements under the Wisconsin and Federal FMLA. In other words, FMLA and worker’s compensation leave will run concurrently.

5. Request for Family or Medical Leave:

Except in situations where the employee is unable to provide a written request because of the need for emergency health care, the employee is to provide his or her supervisor with a written application for FMLA leave prior to the requested commencement of the leave on the “Family and Medical Leave Request Form” from the Finance Director. The request shall indicate the date ~~that~~ the employee is

expected to return to work. In cases where the need for the leave is foreseeable, the request is to be made at least 30 days prior to the anticipated leave.

If the employee gives less than 30 days' notice of the need for leave, the City may require the employee to explain why it was not practicable to give the 30 days' notice. ~~The City~~In such case, the timing of the request may delay the ~~taking~~City's approval of ~~a requested~~the FMLA leave ~~until at least 30 days after the date the employee provides notice when the employee fails to provide proper advance notice, unless, except in circumstances where~~ the employee was unable to comply because of the need for emergency health care or other reasonable excuse.

In cases of emergency, verbal notice of the need for leave should be given as soon as possible and in accordance with the City's applicable absence policy, but in no case later than two working days after the need for FMLA leave has become apparent. Calling in sick, without providing additional information, is not sufficient notice of the need for federal FMLA leave.

If an employee has been out for three or more days in a row, or if the City has information that the employee is out for an FMLA-qualifying reason but has not requested FMLA leave, the City may require the employee to complete an FMLA Request Form and Medical Certification so the leave may be properly designated. The City may also retroactively designate FMLA leave when it later learns that certain leave was FMLA- qualifying.

The employee is to advise the supervisor if his or her return date changes. An employee who overstays a leave of absence will be considered to have voluntarily terminated unless the employee was unable, due to a health care emergency, to notify the City.

6. Intermittent or Partial Leave:

Under the Wisconsin FMLA, leave may be taken in non-continuous or intermittent blocks or increments for the birth or placement of a child for adoption, provided that the last increment of leave begins within 16 weeks of that birth or placement. An employee may take intermittent leave, whenever medically necessary to care for a parent, spouse, domestic partner (under Wisconsin FMLA only), dependent child with a serious health condition, or their own illness or for certain military-related leaves. Also, if the leave is for planned medical treatment and will be taken on an intermittent basis or by a reduced schedule, the employee is expected to schedule the treatment so as to create minimum disruption for the City. To comply with this requirement, an employee should provide the City, in writing, with the employee's proposed schedule of partial absences with reasonable promptness after the employee learns of the probable necessity of such leave.

The smallest increment for partial leave is the smallest measure of time that employees are able to take time for any non-~~emergency~~FMLA leave.

Where intermittent leave or reduced work schedules are requested for foreseeable or planned medical treatment, the City may temporarily transfer the employee to an available equivalent position if the employee is qualified and the position better accommodates recurring leave.

7. Medical Certification:

When an employee requests medical leave for his or her own health condition or leave to care for a family member, the employee must provide medical certification from an appropriate health care provider on a form approved by the City. This certification should be furnished at the time the leave is requested and at most 15 days from the date such medical certification is requested. In the case of unforeseen leave, the certification should be furnished as soon as practical.

Failure to provide the requested medical certification may result in delay or denial of the leave. This means the absence may then be counted against the employee for purposes of discipline for attendance.

Where medical leave is involved, the City may, at its expense, require the employee or a family member to obtain the opinion of a second health care provider chosen by the City to verify the need for leave. If a dispute exists, a third opinion may be secured. The City may also request re-certifications on a periodic basis as permitted by law.

8. Insurance:

An employee who is enrolled in the City's group health or dental insurance plans may continue to participate in the program at the same contribution rate as before the leave for the duration of the leave.

During leave taken under this policy, the City will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The employee will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the employee's responsibility to make arrangements with the City's Finance Director ~~for making to~~ provide premium payments for group health insurance during leaves.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the City may recover its portion of the premiums paid for medical benefit coverage during the leave.

9. Fitness For Duty Certification:

If leave is due to the employee's serious health condition, s/he may be required to present certification of fitness for duty to his/her supervisor upon returning to work.

10. Return from Family or Medical Leave:

An employee will be returned to his or her former position upon return from statutory family or medical leave if the position is vacant. If the former position is not vacant, an employee on statutory medical or family leave will be returned to an equivalent employment position unless the employee would have been terminated during the statutory leave for a legitimate business reason. The employee, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. If the employee exhausts his or her statutory leave before returning to work, return to work will be controlled by the City's collective bargaining agreement and other policies and practices.

11. Employer Responsibilities:

Employees requesting leave must be notified if they are FMLA eligible. It is unlawful for any employer to: (1) interfere with, restrain, or deny the exercise of any right provided under the FMLA; or (2) discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

An employee may file a complaint with the U.S. Department of Labor or bring a private lawsuit against an employer. The FMLA does not affect any federal or state law prohibiting discrimination, or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

6.7 Military Leave:**

Policy.

Leaves of absence will be granted for certain eligible employees serving in the uniformed services, including but not limited to the United States Armed Forces or National Guard and Reserves (including voluntary or involuntary service), in accordance with applicable federal and state law. Employees who are enrolled members of the Reserve components of the Armed Forces of the United States are entitled to leave of absence as is necessary to enable them to attend field training exercises or military deployments which have been duly ordered. Such leaves shall be without pay – not to exceed five years. Employees shall be allowed to use vacation time or compensatory time while fulfilling their military obligations. To the extent that this policy conflicts with any existing collective bargaining agreement, the agreement shall be observed.

Procedure.

Notice of service must be given to the employee's immediate supervisor at the earliest possible date, but must be given prior to the beginning of the service. This notification requirement also applies to employees who serve in the National Guard and/or Reserves and who will miss work for regular monthly training. National Guard and Reserve employees should provide notification of their monthly training schedule for the year as soon as it is available.

Accrued, unused vacation, and sick leave, ~~and banked holidays~~ at the time the leave commences will be held in the employee's account unless requested to be paid out. Upon return from uniformed service the employee will once again start to accrue future vacation, ~~holidays,~~ and sick leave.

If an employee chooses, health insurance coverage may continue in one of two ways. Coverage can continue under the federal law known as COBRA. Coverage can also continue under the federal law known as USERRA. COBRA generally provides coverage for 18 months, although this period can be extended to 29 months or 36 months in certain circumstances (such as second qualifying events). USERRA is available only for individuals who qualify under this military leave policy. USERRA provides for up to 24 months of coverage after the uniformed service leave commences. If both COBRA and USERRA are elected, they run concurrently (i.e., at the same time) and not consecutively (i.e., not back-to-back). The City of Mayville will pay 50% of the COBRA share up to one year per deployment.

For the first 30 days of uniformed service, the employee will be required to pay the employee's share of any premium. For uniformed service, beyond that date, employees will be required to pay 50% of the total cost of coverage (employer share plus employee share), if the employee elects to continue coverage for up to one year per deployment. After the ~~one~~first year ~~time~~ per deployment, the employee will be required to pay 100% of the total cost of coverage (employer share plus employee share). Timely payments must be made to the City separately (e.g., via check). Contributions are due on the first of the month for which coverage will be provided. A grace period of 30 days will be provided for late contributions. If the amount owed is not received by the end of the grace period, coverage will be retroactively cancelled to the beginning of the month. Coverage is only available on a month-by-month basis; no partial months are allowed.

Employees on uniformed service leave of greater than 30 days must notify the Department Head and the Comptroller Treasurer prior to the commencement of their uniformed service that (i) they will be out on uniformed service; and (ii) whether they elect to continue health insurance coverage. If both of these requirements are not satisfied (or if requirement (ii) is not satisfied), the City reserves the right to cancel plan coverage as of the first of the month after the employee's departure from employment for uniformed service. However, if the employee failed to satisfy either requirements (or just requirement (ii)) because advance notice was not possible, was unreasonable or was prevented by military necessity, plan coverage will be reinstated retroactively upon ~~your~~the election to continue coverage and

payment of all unpaid amounts due. In this situation, ~~you~~^{the} election and payment must occur within 30 days after it becomes possible for ~~you to make~~ the election.

If health insurance coverage for an employee is cancelled because of uniformed service leave, such coverage shall be reinstated upon the employee's reemployment.

City-provided life insurance and supplemental life is discontinued while on uniformed service. The employee may elect coverage continuation and pay the entire cost. Long-term disability insurance is discontinued while in uniformed service.

Employee service credits for military leave within the period will be determined by the State of Wisconsin Department of Employee Trust Funds.

In certain instances, employees may be required to undergo fitness-for-duty examinations prior to returning to work.

Time limits for returning to work depend, with the exception of fitness-for-duty examinations, on the duration of the employees' uniformed service.

6.13 Deferred Compensation Plan:**

The City provides an option to any regular full-time or part-time employee to invest a portion of the employee’s present earnings in a deferred compensation plan. This is an arrangement where a certain dollar amount can be designated by the employee to be withheld from the employee’s paycheck and invested for payment at a later date, usually at retirement. Under this arrangement, neither the deferred amount nor earnings on the investments are subject to current federal income taxes until such time as the employee receives payment from the plan.

Contributions to the program are financed solely by the employee through payroll deductions.
